

# Calculator Numbers

Can you make all of the digits from 0 to 9 as you would see them on a calculator?

How many 2-digit numbers can you make using exactly 7 lines?

Try to use a methodical approach so that you don't miss any out.

Write all the 2-digit numbers you find below.

**How many lines would allow you to make the most 2-digit numbers?**

Use the other side of this sheet or a separate piece of paper to help you find out the answer to this question. Again – try to use a methodical approach.
