

USING WRAPPING PAPER? STICK THIS TO THE REVERSE OF THIS SHEET FIRST WITH LOTS OF GLUE.

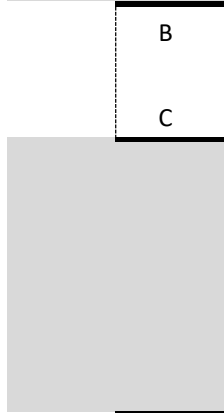

1. Fold neatly along this dotted line so you can still see half the shaded boxes.

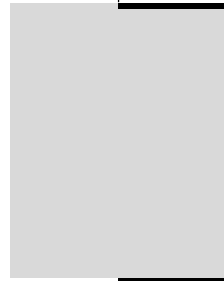

2. Cut along A-F from the fold.

3. Repeat for the second dotted line.

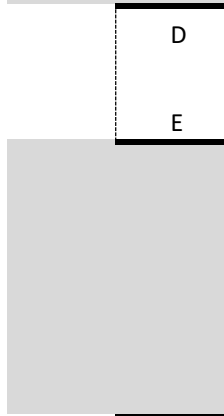

4. Make the paper flat again and cut carefully along the left hand side of each shaded box. This can be a bit tricky!

5. Flip the paper over (so you can't see this writing and fold back the windows.

6. Stick the second sheet inside this one so that you can't see any of the writing.
